Sub: Seeking Permission for Industrial Visit –Reg.

Respected Sir,

We are very much interested in bringing our students from Department of Mechanical Engineering for Industrial Visit to your plant on 25.02.2021. The total strength of second year students are 24 and 2 staff members will accompany them. Industrial visits are a part of the curriculum and we strongly believe that having a practical feel of the theoretical knowledge gaining in the class room in a better way. Our students are interested to visit the **Company to obtain practical exposure and knowledge.**

Thank you

Regards

	INDUSTRIAL VISIT REPORT		

Jana & Malathi Engineering Industries

Industrial Visit on 23.04.2022

Department of Mechanical engineering from T.J.S. Engineering College arranged one day Industrial Visit for 4th & 6th Semester Degree students to “**Jana & Malathi Engineering Industries – Gummidipoondi**” dated 23th April, 2022 for better technical knowledge enhancement of students. A Team of III year Mechanical students 25 nos. along with 2 faculty members took part in the Industrial visit. We started from TJSEC and reached Jana & Malathi Engineering Industries – Gummidipoondi at around 10 am by our college bus.

Jana & Malathi Engineering Industries Established in the year February 2007, at Gummidipoondi, India, "Jana & Malathi Engineering Industries" is an ISO 9001:2008 certified company, engaged in the manufacturing and supplying of construction equipment and machinery for building materials. We are Manufacturer and Supplier of Cutting Machines, Welding Machine, Grinding Machine, Forming Machines, Bending Machines, Drilling Machines, Blasting Machines and Other Machines. Thus, owing to their sincere efforts towards our organization as well as quality-approved products, we have gathered numerous customers all over the world.

At the **Jana & Malathi Engineering Industries**, Mr. Subramani, HRM of Jana & Malathi Industries Welcomed and took us to different places of the Manufacturing and Fabricating Services Provider for Customized Sheet metal Components. With the facilities of Laser Cutting Process, Plasma Cutting Process, Gas Cutting Process, CNC Bending Process, MIG & Arc Welding Process, Rolling Process, Sand Blasting & Shot Blasting Process & Primer Painting Process. We are Capable of handling heavy Fabricated Parts with our available Facilities. When a manager plans, he projects a course of action form further attempting to achieve a consistent co-ordinate structure of operations aimed at the desired results. Overall, it was very useful for the students and strengthened their knowledge about the Industries.
