ABSTRACT

This project is aimed at developing a website for online gaming. The FUNZONE provides an easy interface that would let the users to the pool of gaming. It provides the users more pleasure and gladdening his mind by playing these traditional games such as tetris, snack, tic tac toe, puzzle, dots, vanish and memory game. It also provides users to interact with other players who are login to the website, even while gaming. Multiplayer option is also provided in tic tac toe, so that users can play this game in different computer systems. A registered user can directly enter to the website by login using username and password. Basically the website consist of old games which makes the players to remember their childhood memories.
