ABSTRACT:

The proposed system of college website contains separate website for their colleges and schools . it is very difficult to user to search information in different websites. For this purpose here we created a PARALLAX T.J.S WEBSITE in this website we search information about all T.J.S educational institute in a single website . This is the main purpose of this proposed system.

And it stores the student database easily and it is properly maintained by our college administrative officier .And it reduce the users search time .and every T.J.S educational institute video is included in this website for users satisfication about our college and schools .
