Report of Alumni meeting

An Alumni Meet is organized at the end of every academic year to celebrate and refresh old relationships. They go down memory lane and have interactions with others. This Year's Alumni meeting was organized on 26/02/2022 at 11 AM on our college premises. It is an unforgettable event and a moment of excitement as they get a chance to meet their friends and former teachers. The occasion was graced by more than 100 Alumni ranging across all the branches of Engineering. Speaking on the occasion, Directors underlined and praised the achievements of Alumni. The dignitaries expressed that it was a matter of great pride for the TJSEC organization that its Alumni are holding positions of responsibility in various jobs.

Interacting with students is one of the main aims of this alumni meeting. The older students offer some opportunities to participate in co-curricular activities in our college. Our college chairman spoke at length on the various aspects like opportunities, a wide range of available career options, and developing a clear vision towards choosing the right option from a wide range of jobs. He further emphasized that general awareness is one of the most scoring and less time-consuming ideas for competitive exams and he said, this can be done by reading Newspapers, and current affairs-based magazines. Studying in depth is impossible, so one has to make concise notes on relevant topics for easy recall.

In response, alumni members shared their experiences as well as interesting moments of college campus life with their friends. The meeting came to an end with a short entertainment followed by a lunch for the alumni members and faculty members.
