Bandwidth of internet connection in the Institution

Response: A. ≥ 50 MBPS

Available internet bandwidth = **300 MBPS**

TJSEC has sufficient information technology resources, including Wi-Fi, and its internet access are widely dispersed over the institution and regularly updated. The college has extender-equipped wired and Wi-Fi hotspots with 300 Mbps internet connectivity. In addition to providing LCD projectors in each department, the university has 453 PCs that are internet-connected. The internet is accessible from each computer on the campus.

The entire college campus is connected by a fiber network, ensuring consistent and dependable connectivity. The campus's library, buildings, and laboratories each have access to the internet. The campus's IT and related requirements, including software, hardware and networking, website design and development, are handled by a team of internal employees.
